Capacity Building Cell to address requirements of N-E States: Turkey CAPACITY BUILDING

AAT News Service

is actively associating in the project formulation and ensuring execution of activities in the right manner, said the Secretary.

A dedicated Capacity Building Cell will be set up to address the specific requirements of North-Eastern States and that each Autonomous Hill District Council (AHCDC) in these states will be supported by a dedicated team of officers of Department of Land Resources, headed by a director-level officer. All such individual teams will report to the Joint Secretary, Department of Land Resources, Sonmori Bora.

Various project proposals of digitisation of land records of the North-Eastern States and AHCDCs have recently been approved for Assam, Bodoland Teritorial Council, Mizoram and Tripura. There is a need to look within to identify gaps and how to overcome with support of states and AHCDCs with the confines of constitutional framework, said Mr. Tirkey.

AHCDCs have different unique issues and mechanisms to address these issues. The cell will be constituted in department to be headed by director/deputy secretary-level officer who will report to joint secretary steering the activities and work on solutions specific to AHCDCs, added the Secretary.
